

STANDARD STABLE OPERATIONAL PROCEDURES

Owner's
Initials

- _____ NO SMOKING at or near stables or on trails.
- _____ If you have a concern, speak to a Wrangler **privately** and **respectfully**
- _____ Follow **ALL** instructions given to you by a Wrangler.
- _____ Stable privileges may be revoked at any time by barn personnel.
- _____ Always walk around horses. Never run.
- _____ Do not yell around the horses.
- _____ Long pants, sleeves, and closed toed shoes are required when riding.
- _____ Always WALK your horse. NO trotting or running string horses.
- _____ No switching horses during a ride. Remain on the horse given to you.
- _____ No riding double on string horses. Owners cannot pony string horses (leading one horse while riding another)
- _____ When riding back to the barn, stop and let riders going out, pass by.
(this helps them control a horse that may want to return to the barn)
- _____ When riding in a group, always stay together.
- _____ You must inform a Wrangler where you will be riding.
- _____ Do not ride on trails beyond your riding ability.
- _____ ONE HOUR rides, unless previously approved.
Return to stable at the designated time.
- _____ Water your string horse after a ride, unless the horse requires walking first,
to cool down.
- _____ Dismount and walk a lathered string horse for 15 minutes, or until you are told
to stop, by a Wrangler.

I understand these rules, and agree to follow all Stable Rules.
